

## Want a stronger, closer relationship in your marriage?

The Marriage Matters seminar is a 13-session seminar that focuses on incorporating God into real-life issues of marriage and family. Each session explores some of the complex issues and emotions surrounding marriage and is filled with sound psychological and biblical direction. Using God-centeredness as the foundation, the seminar presentations provide information for maintaining good marriages and explain in a very down-to-earth manner the origin of many marital problems and the solutions to counter them.

It will benefit people in every stage of life, whether single, divorced, or widowed. It's not just a seminar for people with troubled marriages. It's for any couple who wants to build a stronger marriage, a better family, and learn more about themselves.

It's for singles and young adults who will one day find themselves preparing for marriage.

Marriage Matters is for everyone!

Participants may attend any number or combination of sessions.
